Reading group

Aim of paper:
1) Analyze problem
2) Suggest possible solutions.

Problems = poor target design and action.
Problem (general - unsolved)

Challenges in finding a solution:
- Should expect larger at levels/united (but not done?)
- No tradition for local power

What can we do?

Why does Tina believe it is necessary to continue analyzing the effect on the HTWs?

Why institutional theory? Does she believe this is the way to solve the problem?
