Kaffi Hill

Autsoparlyng → loose to GTD

GA

Brain = system
organism = system - biotic
medium = system - abiotic

\[\text{\textfootnotesize 11/109 - 9/109}\]
PhD approach

1. Read GST on an abstract level
2. Solve any practical problem (concrete) and identify practical papers

Krusch = slight/abrupt

Vitreous = stasis/false

Firm = deg/healthy

Prolkal = control/
Why am I writing this?
What is the purpose?
- I want to reframe the research questions.

What should I write?
