Kappa II

Problem:
1) CSF impossible to meet
2) Tau fails in 80% cases

Solution:
1) CAS - Koolen
2) DCL - Angwin (1994)  DCL differs for TAN - NO.
Paper on mobility.

Donald Schön

"How can I improve my practice?"

This question is fruitful, because it will generate the scholar's useful answers.

Where is the theory? → Practice.

Tom Schütte
